BEAUTY *for* THE ENCHANTED EYE

It happens to everyone. When you're in beautiful surroundings – before you're even aware that you're doing it – your eye has begun to travel, to move around the space, drawn by the secret pleasure of looking at perfect proportion; at a vista from one room to the next; down a corridor; or at a sprawling, distant view from a window. The eye notices everything. It traces the edge of a door; trips over the colour and texture of art work; sweeps over a curvilinear wall; takes in the detailed work of paneled walls, the cornice mouldings, the polish of wood floors; and lingers over a slant of light that has just entered the room through large windows. This is what Mizrahi Development defines as luxurious – the pleasure and appreciation of beauty. That is why we have designed 128 Hazelton in Toronto's heritage neighbourhood of Yorkville as a layered work of art, starting with the latest technical underpinnings in climate control and security along with structural engineering that gives you maximum flexibility to custom-design your home. A pale limestone façade invites you inside; into a short procession; through a heavy door; a small vestibule; another door; and then into the lobby and up a private elevator to your home. The architecture reinforces the idea that here is your sanctuary, a place that reflects how you feel and who you are, a celebration of your vision of beauty.

We invite you to make an appointment to visit the Presentation Gallery at 126 Hazelton Avenue.
Call for your private appointment at 416-927-0181 or register today at www.128Hazelton.ca
